CIRG@UPE will receive an academic visitor for India. Prof. Snehashish Chakraverty of National Institute of Technology (Orissa) will be in Recife (POLI/UPE) from 14th November till 3rd December (2010). During the visit the researchers of CIRG will cover a comprehensive agenda aiming at future bi-national collaborations. During this period Prof. Chakraverty and Fernando Buarque will deliver a short course on computational and mathematical modeling. Interest should contact one of the researchers at CIRG.

(VISIT POSTPONED TO MID-2011)
